

Group One: Sam Mancuso, Julie Johnson, and Mark Jones

### **Lake County Illinois Demographics**

Group one will be using the demographics and obesity rate data of Lake County Illinois. Some of the questions we will be answering are “Is there any correlation between race and education in certain areas of Lake County?”, “Is there any correlation between education and obesity rates?”, and “Is there any correlation between race and poverty rate?”. We will also discuss what areas (zip codes) of Lake County have higher rates of obesity, education, and race.
